

GoldCruise

THE ORIGINAL BY **JOHN GOLD**

Cruise Control

Driving gets more pleasant

Custom made kits for passenger cars
and commercial vehicles

- » *Always at the right (desired) speed*
- » *Concentrated driving with maximum road-attention*
- » *Comfortable and relaxed driving, fresh arrival*
- » *Speed Limiter in GC90*
- » *Better gas mileage*

Your personal assistant for speed management

What is a Gold Cruise Control? Let's call it your personal assistant for speed management. Fix a desired (or maximum) speed at the touch of a button and you can take your foot off the gas pedal.

Your maximum attention is to the road now. Cruise Control maintains the set speed - thus, it will help you to prevent accidental speeding (and costly tickets). Relaxed rides will make sure you arrive relaxed - this also goes for towing a caravan or trailer.

Reliable, certified quality: a safe product

When you are looking for a comfortable cruise control solution for your vehicle, you surely want the best: the original John Gold Cruise Control. Supported by the company with over 30 years of Cruise Control experience. Custom made for your car-model by Technical Specialists. Certified by reputed institutions. When it comes to your car, you want the safety guaranteed by a reliable and quality tested product.
